## Why do growing companies choose **SAP S/4HANA Cloud, public edition**

### Proven best practices

Comes with business processes that incorporate industry standard best practices

### Automatic and continual updates

Updates fully managed by SAP so you don't need extensive IT resources or face disruption to the business

### Fast time to value

Gets you started quickly using a guided implementation process, fast technical setup, and role-based, intuitive interface for everyone who uses it

### Security, compliance, and scalability

Handles technical operations including backup and disaster recovery, system maintenance, data protection, and best-in-class uptimes to give you peace of mind

### Continuous innovation

Adds the latest technology, such as built-in artificial intelligence (AI), machine learning (ML), robotic process automation (RPA), and analytics so your business operates better

### Open and extensible

Ready-to-go APIs with supporting tools and documentation so you can easily integrate with your partners or build on top

### Top Rated

SAP S/4HANA Cloud has received a 2023 Top Rated Award market category:

Enterprise Resource Planning (ERP) from **Trust Radius**
