

Syntax Compass for SAP S/4HANA

Whether you are just starting on your digital transformation or application modernization journey, or are already well underway, the Syntax Compass for SAP S/4HANA program helps you navigate to the cloud ERP transformations including, but not limited to, RISE with SAP.

Navigate your journey to the cloud with Syntax Compass for SAP S/4HANA

No matter where you are in your journey to the cloud, the decisions you need to make to ensure the success of your project can be daunting. Making the need for a trusted advisor essential to ensure you get the most value out of your digital investment. Is your business equipped to navigate the paths ahead? Do you have the resources you need to get there? Do you know where "there is?". Discover how Syntax Compass for SAP S/4HANA can help you answer these questions and more.

What is RISE with SAP?

RISE with SAP is a managed cloud service that helps organizations using on-premise ERP software to migrate to the cloud securely and smoothly. It is designed to provide enterprises with the foundation they need to modernize their IT landscape and SAP mission critical applications to support sustainable growth with adaptable technology.

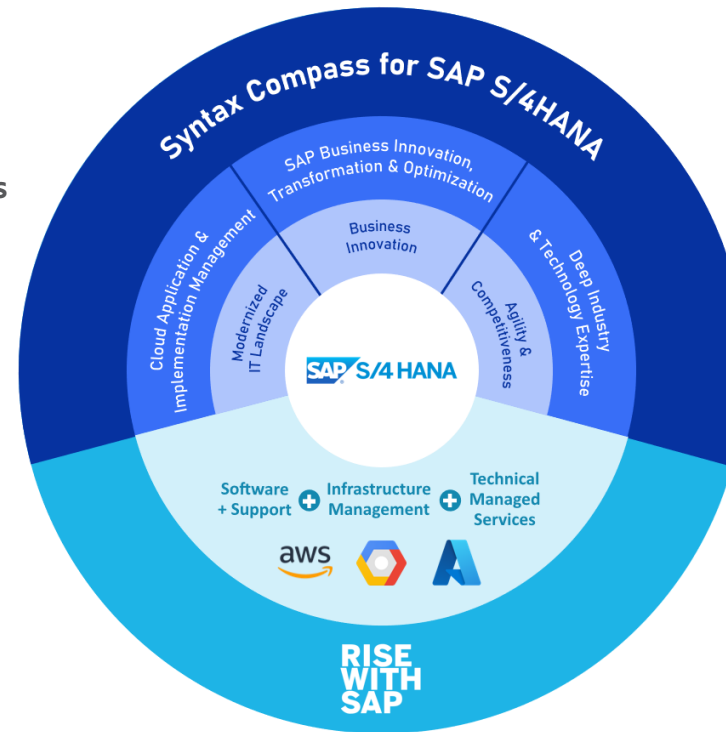

What does Syntax Compass for SAP S/4HANA mean for RISE with SAP?

The Syntax Compass for SAP S/4HANA includes a suite of products and services that covers the end-to-end SAP S/4HANA Cloud lifecycle. Organizations can seamlessly transition from their current SAP ECC, SAP S/4HANA or non-SAP ERP solution to the cloud including RISE with SAP. They can focus on their core business processes, when we also take care of their cloud, functional and technical managed services. We help customers navigate the digital journey to SAP S/4HANA on cloud supporting:

- Core SAP and ancillary cloud application implementation and management
- SAP business innovation, transformation, and optimization
- SAP Enriched industry and technology specialization.

Wherever you are in your journey to SAP S/4HANA cloud transformations, we can help you navigate further in three distinct phases:

- **Discover** with Syntax Power of Next services
- **Adopt** with Syntax Implementation and Migration services
- **Optimize** with Syntax Operational and Innovation services
