

SAP ERP

Syntax Digital Construction for GROW with SAP

**Makes SAP software work for you quickly and
at a surprisingly affordable price**

Tight margins. Intense competition. Increasing risks. Engineering and construction firms are constantly under pressure to manage and mitigate inherent obstacles. To thrive in this volatile environment, construction and engineering companies must optimize every aspect of their operations.

Recognizing these, our team at Syntax has developed Syntax Digital Construction for GROW with SAP to help Engineering, Construction and Operations (EC&O) companies quickly and efficiently implement SAP S/4HANA Cloud Public Edition at a low cost. Our packaged solution empowers EC&O companies to streamline their processes, enhance visibility, and drive sustainable growth amidst the industry's uncertainties.

Our packaged solution uses Syntax's EC&O Solution Accelerator, leveraging pre-configured business processes in areas including Financials, Customer Management, Manufacturing, Procurement, Logistics, Customer Service and Analytics – as well as industry best practices, to implement quickly and efficiently.

Solution Benefits of S/4HANA Cloud, Public Edition

Real-time business insights

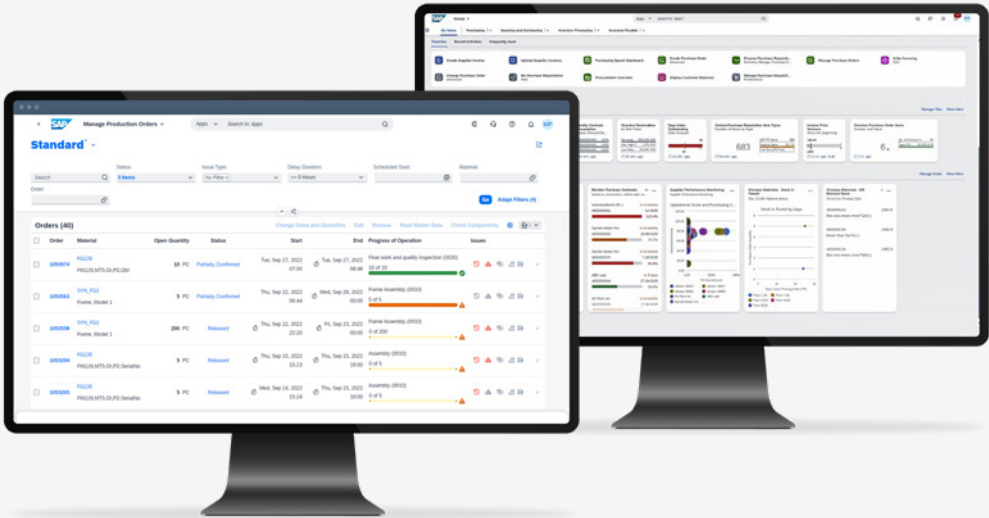

Improve construction and real estate decision-making and increase efficiency with real-time inventory and supply chain data.

Alignment across finance and field operations

Connect field execution activities to your back-office processes with a site management solution that integrates with your ERP.

Field service management

Resolve customer issues faster and optimize field service operations with a comprehensive, proactive, and AI-enabled solution.

Syntax Packages

Option 1 - Foundational
